♦ Vern and Gloria Wagner - Romania

Vern and Gloria worked at Camp Caroline in Alberta for eight years as maintenance manager and head of housekeeping. This experience is exactly what is needed at Camp Falcon Rock in Romania, a campground that is in the beginning phase of development. Since they've become part of the team, everything is ready for them to leave for Romania, though they are still looking for support partners. Please **pray** for this needed support. **Pray** for God's patience as they wait for His perfect timing.
